**Integrate - install - connect:**

Comprehensive range of system accessories for integrating your assembled electronics "package" into the system environment - from attachment and connection to marking systems. These may include:

- Mounting rail adapters
- EMC shield connections
- Flexible connection systems
- Labelling systems

These accessories help users to integrate their electronics easily and quickly, connect them safely and flexibly, and mark them clearly.

The positive "side effect": perfect configuration of your electronics assembly for the relevant application.
